DOUBLE FUNERAL RITES SET FOR HUDLINS

103 YEARS YOUNG TODAY

Lucy M. Boyle, 103 years young today, will celebrate her birthday quietly at the home of her son, Charles, and granddaughter, Lucy. Mrs. Boyle had five children but Charles is the only one living. Mrs. Boyle has resided with her son and granddaughter at 2 East Hanna Street for the past five years.

Mallory Dividend

New York—The Board of Directors of P. R. Mallory & Co. Inc., at a meeting here today, voted the regular dividend of 30 cents per share payable September 7, 1965, to all stockholders of record as of August 9, 1965.

Girl Scouts To Hear Gov. Smylie

FARRAGUT STATE PARK, Idaho UPI — Gov. Robert E. Smylie of Idaho was to arrive at the site of the fourth International Girl Scout Round-up to deliver the keynote address Thursday.

Smylie will speak to the 9,000 girls on women in government in an address titled "I Am Engaged in My Government and in My World."

Also due to arrive at the site today was the Rev. Fred L. Shuttlesworth, minister of the Revelation Baptist Church, Cincinnati, Ohio, for a forum session on "There is a Spiritual Force Within Us."

Weather dampened proceedings at the roundup Tuesday, but failed to dampen the enthusiasm of either the scouts or the thousands of tourists who continue to flock here for a look at the camp.

Students Attend Institute At IU

Three Putnam County high school students are participating in the 1965 Indiana University High School Speech and Theatre Institute, July 18-31, on the Bloomington campus.

The Institute will instruct the 75 enrollees in discussion and debate; public speaking and interpretation of literature, and theatre and drama techniques. Students will be taught by IU faculty members and guest instructors from high schools in the state.

The seventh annual Institute is under the direction of Robert C. Jeffrey, assistant professor of speech and theatre at IU.

The three high school students from Putnam County are: Bainbridge — Melanie Priest, (only post office box given) a student at Bainbridge High School.

Greencastle — Janet L. Scobee, R. R. 1, a student at Bainbridge High School.

Reelsville — Janet S. Burger, R. R. 1, a student at Reelsville High School.

New Fire Marshall

INDIANAPOLIS UPI — Governor Branigin today appointed the Terre Haute fire chief as Indiana state fire marshal, replacing Ira J. Anderson, who was indicted by a grand jury on a misdemeanor charge growing out of the State Fairgrounds Coliseum disaster which killed 74 persons in 1963.

Branigin said Norman M. Feiler, 53, a member of the Terre Haute Fire Department since 1958, would take over Anderson's duties on Aug. 1.

Bank Robbery Case Is Cracked

FORT ERIE, Ont. UPI — Police cracked a \$1 million Royal Bank of Canada robbery case Tuesday with the arrest of four men suspected as members of the gang who used diamond drills to open 400 safe deposit boxes last April 11.

An alert track cashier at Buffalo Raceway in nearby Hamburg, N. Y., was credited by police with giving the tip-off that led to the arrest of one man in Hamburg and three others at the Fort Erie Hotel where all had checked in Monday. Police said the men had gone to the raceway Monday night to play the horses with some of their loot.

The subjects were identified as Eugene Radu and Bernard Roser of Montreal, Sam Kroiter of Teaneck, N. J., formerly of Montreal, and Mohsbe Nachtstern of Winnipeg, Can. All were charged with possession of stolen goods with the exception of Nachtstern who was booked by U. S. authorities on a second degree forgery charge.

Authorities said a fifth suspect was arrested recently in London, England, but no details were immediately available.

Nachtstern was carrying \$1,150 in stolen travelers checks when arrested and about \$4,620 in checks were found in the men's hotel rooms. The burglary gang took travelers checks, cash, securities and other valuables from a Royal Bank of Canada branch in a cleverly planned Sabbath raid.

Dislikes Sex

LOS ANGELES UPI — Lawrence Sex, 24, Tuesday asked a Superior Court judge for permission to change his name to Lawrence Six.

He explained he plans to become an Evangelical Church missionary.

Loaded Loss

PITTSBURGH UPI — Four men who lost \$175 in a hit and run crap game got another unpleasant surprise Tuesday when they went to city court to pay \$10 fines for gambling.

The man to whom they lost the money, Robert Maloney, failed to show up and forfeited \$25 and his dice. Police said the dice were loaded.

Bomber Makes Belly Landing

PEASE AFB, N. H. UPI — A B47 Stratojet bomber with a jammed landing gear made a safe belly landing today on a foamed runway at this Air Force base. The four crewmen aboard were shaken but not hurt.

The crew leaped from the big plane immediately after it skidded to a stop.

The plane made one pass over the field before landing.

The \$2 million six-engine craft, which carried no nuclear weapons, circled aloft for more than four hours to burn off fuel before chancing the risky landing.

A ribbon of foam 30 feet wide and 3,000 feet long was laid down on the runway to cut down friction and cool the under surface of the plane.

Red Snipers Harass Yank Infantrymen

SAIGON UPI — Communist snipers and mortar crews harassed American infantrymen guarding the Bien Hoa air base 15 miles northeast of Saigon Tuesday night and early today.

A U.S. spokesman said the guerrillas kept the American troops awake most of the night, but inflicted only "very light" casualties. It was the third consecutive night of Communist attacks on the air base.

"Moderate to heavy" casualties were reported Tuesday night when a river craft manned by a Vietnamese crew and three American military advisers hit a Viet Cong mine 22 miles southwest of Saigon. The spokesman said there were casualties among the three Americans, but details were withheld under new security policies.

The vessel was supporting Vietnamese troops on a ground operation in the jungles and swamps of the Mekong River delta.

At Bien Hoa, the guerrillas

opened up with small arms fire at 8:25 p.m. Tuesday.

Artillerymen of the 1st Infantry Division answered with a heavy barrage and sporadic shooting continued until 1:45 a.m. when a few dozen guerrillas rose up out of shoulder-high brush and charged under the cover of machinegun fire.

A dozen or so more Viet Cong followed in a second wave 15 minutes later.

Both times, American counterforce drove the guerrillas back into hiding, but intermittent gunfire continued until just before daybreak.

Far to the north, 40 U. S. Marine amphibious tractors (Amtracs) rolled ashore near Da Nang for use in Leatherneck patrols against Communist forces threatening U. S. installations in the Da Nang area.

Ten of the tractors are giant 35-ton vehicles designed for minesweeping duty. The other 30 are smaller.

Veteran Purdue Agronomist Dies

LAFAYETTE UPI — Keller E. Beeson, 71, veteran agronomist with the Purdue University extension department and considered one of the chief developers of the soybean growing industry in Indiana, died Tuesday after a three-week hospitalization.

Beeson was extension agronomist from 1924 to 1962. Upon his retirement he became a professor emeritus. He was largely responsible for Indiana's crop variety program over a long period of years, particularly in corn and soybeans.

Beeson was a native of Columbia City.

Beeson was a member of the White House inner circle, has been close to Johnson since the president came to Washington from Texas in the early 1930's.

The 55-year-old legal scholar with wide experience in government, Fortas has held a variety of jobs, including four years 1942-1946 as undersecretary of the interior. His law firm—Arnold, Fortas & Porter—is easily one of the most prominent in the capital.

There was also some talk of Thurgood Marshall, the Negro federal appeals court judge recently named U.S. solicitor general, for the high court appointment. But Marshall, who led the legal fight which resulted in the court's famed school desegregation decision of 1954, still has not been confirmed by the Senate for the solicitor general post.

White House Press Secretary Bill D. Moyers said Tuesday there was no indication when Johnson might fill the court vacancy. The court is in recess until October, giving the President ample time to weigh his first appointment to the high court.

Washington UPI — The name of Washington lawyer Abe Fortas, a longtime friend of President Johnson, led the list today in speculation on a successor to Arthur J. Goldberg on the Supreme Court.

Fortas, a member of the White House inner circle, has been close to Johnson since the president came to Washington from Texas in the early 1930's.

The first round was last year's income tax cut. The second round was the recently enacted \$4.7 billion cut in excise taxes, which Ackley said will help maintain prosperity for at least the next 12 months.

The State Department trouble shooter entered Kosygin's Kremlin office accompanied by Ambassador Foy D. Kohler. Previously Harriman had held long distance consultations with President Johnson.

The first meeting with Kosygin was understood to have produced a "stern" lecture on the Viet Nam crisis and was followed by a public warning from Kosygin on "counter action" in Viet Nam.

Local Couple Die In Traffic Accident

A double funeral service will be held Thursday at 2 p.m. at the Whitaker Funeral Home for Mr. and Mrs. Lyman W. Hudlin, who were fatally injured in a traffic accident Tuesday, five miles south of Veedersburg.

Mr. Hudlin was killed instantly and his wife, Mrs. Rowena Hudlin, died shortly after noon in St. Elizabeth's Hospital in Danville, Illinois.

The well-known East Walnut Street couple had left earlier Tuesday morning for their farm near Covington.

The driver of the other car was Hilary Knecht, a salesman from Terre Haute. He also was taken to the Danville Hospital but was suffering only from minor injuries.

Knecht complained of pains in his abdomen, apparently where his seat belt had kept him from being hurled against the windshield.

The accident occurred at the intersection of Ind. 32 and U.S. 41.

Knecht said he was going north on U.S. 41 and saw the other car approaching from the west. He said he believed the Hudlin car was stopping and at the last moment saw it come out into the intersection.

Knecht said he swung his car sharply to the left to avoid a crash, but was unable to do so. Both Mr. and Mrs. Hudlin were thrown from their car, and Hudlin's body was carried across the highway by the Knecht car.

The Hudlin car was a 1956 Mercury, while Knecht was driving a Chrysler Imperial. Both were badly damaged.

Mr. Hudlin, a retired retail merchant, was born Dec. 13, 1881, in Oklahoma to David and Anna Wampler Hudlin. He and his wife were both members of the First Christian Church in Greencastle.

Mrs. Hudlin, 78, was born Aug. 13, 1886, at Metcalf, Ill., to Alfred and Harriet Townsend Walls.

Surviving the couple are two daughters, Mrs. Erma Chaney and Mrs. Enid Hillis, both of Greencastle, and a grandson.

Mr. and Mrs. Hudlin will be buried in the Brick Chapel Cemetery. Friends may call at funeral home after 5 this evening.

Population Explosion

BOULDER, Colo. UPI — Mark W. Cordell, manager of the Loveland, Colo., Chamber of Commerce, was attending a discussion of the population explosion at a chamber managers conference when he was called home.

His wife had just given birth to a boy — Mark W. Cordell II.

Moscow Conference

MOSCOW UPI — U. S. Ambassador-at-large W. Averell Harriman met with Premier Alexei N. Kosygin today for his second round of talks on Viet Nam and other international issues.

The State Department trouble shooter entered Kosygin's Kremlin office accompanied by Ambassador Foy D. Kohler. Previously Harriman had held long distance consultations with President Johnson.

Local Amateurs Win In District Competition

A large crowd attended the District 5 Farm Bureau Amateur Talent Contest at North Salem High School in Hendricks County, Thursday, July 15th.

Miss Carolyn Torr, daughter of Mr. and Mrs. John Torr, Greencastle, R. 4, was winner in the Novelty group, age 13 to 18 years, with a Tap Dance. Miss Rhonda Sutherland, daughter of Mr. and Mrs. Harley Sutherland of Cloverdale, also was first place winner in the preschool age group with a Tap Dance. Kathy Sutherland and Sandra Wilson also of Cloverdale won second place in the 6 to 12 age group. Other first place winners in the Novelty group was Nancy Ward, Crawfordsville, with a re-ding and Olean Lamb and Nema Haun of Clinton sang a song they composed to a familiar tune for the In-store Pork Promotion Project coming in September.

Other first place winners in the district were Mary Ann Stephenson, Lebanon, Mary Jo and Karen Kennedy, Wingate, Brenda Williams, Lebanon and June Krug, Attica, in the vocal group. Instrumental first place winners were Ronald Haun, Hillsdale, Piano and Miss Linda Lowe, Lizton, Merimba.

Mrs. Glendon Herbert of Cloverdale, District 5 Farm Bureau Woman's Leader had charge of this program. She announced that these people would make up the District 5 Farm Bureau Talent Program at the State Fair in the Farmers Building, Labor Day, September 6th, at 2:30 P.M. This is free entertainment and put on for your pleasure. Everyone is invited and welcome to attend.

Mrs. Herbert also gave dates at the State Fair. The Farmers Day Parade with the theme "Food Comes First" will have floats, bands, a Pet and Hobby Parade and the 4-H Tenure Awards, which is Tuesday, August 31st.

Saturday, September 4th, the 4-H members may enter the Farm Bureau contest by filling out an application blank and sending it to Mrs. Guy E. Gross, 130 East Washington St., Indianapolis, by August 1st.

Mrs. Herbert also announced a special project of the Farm Bureau Women was to cooperate with the grocerymen in a in-store Pork Promotion in September.

Cost of Meat Is Soaring

This newspaper has received some interesting data regarding increased costs of meat.

The information was submitted to The Banner by Harold Flint, of the Putnam County Frozen Food Plant, who certainly is in position to know whereof he speaks.

The following will give our readers the cost increases in raw materials:

Live hogs were \$14. Today, they are \$26.00. This is a 79% increase!

The high price of hogs was caused by a 15 to 20 per cent reduction in hog production, combined with the lowest freezer stocks in over 10 years. Some items in storage were less than half the normal supply. Thus, pork raw materials are up:

Hams, 38%; Bellies, 100%; Picnics, 56%; Loins, 67%; Butts, 83%; Jowl, 212%; 50% Trim, 113%; Blade Meat, 24%.

Live butcher cattle were \$20 last year and today they are \$24. This is an increase of 20%. Beef materials for manufacturing have increased, too:

Bnls. Navals, Flanks, 215%; Imported Cow Meat, 8%; Domestic Cow Meat, 24%; Boneless Chuck, 27%; Trim-mings, 34%; Bull Meat, 18%.

It is said that these price increases are not temporary and no lower raw material costs are seen for the balance of this year nor next year.

Remember when you could get three pounds of ham-burger for a quarter!

Amateurs Win

tember. They plan to go into 3 grocery stores in every county in Indiana and have an attractive display of meat and pass out folders "Facts About Pork" and recipes and to answer any questions that people might have about cooking, storing, carving, freezing and fat content.

Meredith Kincaid Farm Bureau Fieldman announced membership was running well ahead of last year and announced District Commodity date and Multi-County board meetings.

Mr. Kincaid also mentioned

the Farm Program and the wheat and feed grain legislation that the Farm Bureau supports, urging them to write letters to support legislation that would prohibit stocks being sold at less than 125% of current levels. Plus carrying charges.

Marion Cowan, District 5 Farm Bureau Director encouraged all to make plans to attend the State and National Conventions trying to create and improve the image of Farm Bureau. He also gave the dates of the Policy Development meetings encouraging everyone to be proud to help set the policies for 1966.

A Woman's View

By GAY PAULEY

NEW YORK UPI — A man shouldn't lock the executive suite just because he leaves the office. Some of the job should go home with him to be shared with his wife.

A wife should be a member of the management team too, says a woman who counsels big business and industry on helping their men to advance.

"I don't mean she should be so much a part that she interferes with her husband's role at the office," said Eden Ryl. "But she should have enough understanding of his job so that she complements him... helps him to get ahead."

"Many companies today interview the wife as well as the man they're considering for a top job," said Mrs. Ryl.

But if the wife fails him, who gets the blame?

Invariably the wife, said Mrs. Ryl. Husbands say she doesn't keep up, she's socially incompetent, she doesn't seem interested.

"But I'm sick and tired of hearing this from men," said Mrs. Ryl, who's happily wed to the manager of the Eden Ryl Organization. "A man must share responsibility for his wife's behavior."

"I hear executives remark that they shut off business when they get home. Rather than shut it off, they should give their wives a picture of what goes on in the company. You know though, they'll spend more time helping an employee... inspiring an employee to company goals."

Mrs. Ryl told of one small incident that indicated how one husband had failed his lifetime partner. The occasion was a company lunch to which executives' wives also were invited.

One wife ordered a martini, unaware that she was breaking a basic policy of the company. Not one of the firm's executives, not even the president, was supposed to drink at lunch. Said Mrs. Ryl, "Why hadn't her husband relayed this policy to her?"

In turn, she cited the case of one executive who knew he was to be elevated in a few months to the presidency of a national trade association. The job would mean much entertaining and travel. Husband sat down with wife and told her what would be expected of both, that they would be out a lot more even though they would rather be home with the children.

Jarvis To Graduate From Banking School

Julian Jarvis, Cashier, Central National Bank, Greencastle, will be graduated from the NABAC School for Bank Audit, Control and Operation this summer. He is returning to the University of Wisconsin in Madison, August 1-14, to complete the school's third year course.

Graduation exercises are to be held August 13 in the Wisconsin Union Theater. The commencement speaker will be James E. Patrick, President of the Valley National Bank, Phoenix, Arizona.

The School, sponsored by NABAC, the Association for Bank Audit, Control and Operation, offers a three-year program with limited attendance. It is the only professional banking school designed to provide people with bank auditing, control and operating responsibilities an opportunity to expand their knowledge in this field.

To graduate, students must attend for three years and complete assigned extension problems between sessions. The School's faculty includes approximately 50 leading bankers and educators recognized in the areas taught. Classroom work is augmented by informal evening seminars.

Mr. Jarvis has been associated with the Central National Bank for thirteen years. He resides at 240 Hillsdale Avenue in Greencastle, Indiana, with his wife, Betty Jean.

Senate Certain To OK Goldberg

WASHINGTON UPI—President Johnson's nomination of Supreme Court Justice Arthur J. Goldberg to be U. S. ambassador to the United Nations today was assured of speedy approval by the Senate.

The Chief Executive's announcement Tuesday that Goldberg would succeed the late Adlai E. Stevenson in the critical U. N. post was greeted with surprise and satisfaction by senators of both parties.

Senate Republican Leader Everett M. Dirksen, Ill., whom Johnson had consulted about the appointment, said Goldberg "is a very able citizen. He

should acquit himself with real distinction. He has a brilliant mind, is a student, and a real worker."

Senate Democratic Leader Mike Mansfield, Mont., said Goldberg would "carry on in the Stevenson tradition called the 56-year-old former labor secretary "fair-minded, tolerant, all understanding and able to see all sides."

Chairman J. William Fulbright, D-Ark., whose Senate Foreign Relations Committee will make a recommendation to the Senate on the nomination, praised Goldberg as a "very talented and intelligent and a discriminating citizen with a great experience and background."

Goldberg confessed to a certain reluctance to leave the high court. "In all candor," he told newsman Tuesday, "I would rather the President had not asked me to undertake this duty. But it appears perhaps I can at this stage of our national life make a contribution—I hope—in this area of foreign affairs."

The onetime Chicago labor lawyer was named to the Supreme Court three years ago by the late President John F. Kennedy after serving successfully as Kennedy's first secretary of labor.

ODE
RECEIVED AT THE
COMMEMORATION
THE LIVING AND DEAD SOLDIERS
OF HARVARD UNIVERSITY,
July 21, 1865.
By JAMES RUSSELL LOWELL.
CAMBRIDGE:
PRIVATELY PRINTED,
1865.

[1] Title-page of initial printing of the "Commemoration Ode." Dr. John C. Bosady made the famous toast, "And this is good old Boston. The home of the bean and the cod. Where the Lowells speak only to Cabots and the Cabots speak only to God" at a Boston dinner of Holy Cross University alumni.

57-A A century later, "Ode Recited at the Harvard Commemoration" remains one of James Russell Lowell's most memorable poems. It was written on request in honor of the Harvard students who had served in the Civil War, many of whom were dead or in hospitals when commemoration exercises were held at Cambridge, Mass., July 21, 1865.

Lowell, as a Harvard professor fervent in the anti-slavery movement, had aroused a number of the students to go off and fight.

Once to every man and nation comes the moment to decide,
In the strife of Truth with falsehood, for the good or evil side.
expressed his sentiment in 1861, when he was above the age for vigorous soldiering. Van Wyck Brooks wrote, in "Our Literary Heritage," "Of all the Cambridge literati, none perhaps joined the abolitionist cause with as much gusto as Lowell."

One of the Harvard students who went away in 1861 came back in 1865 with three wounds and a philosophy he was to express as "The struggle for life is the order of the world, at which it is vain to repine. I can imagine the burden changed in the way it is to be borne, but I cannot imagine that it will ever be lifted from man's back. . . . The ideals of men of the past have been drawn from war, as those of women have been drawn from motherhood. For all our prophecies, I doubt if we are ready to give up our inheritance. Who is there who would not like to be thought a gentleman? Yet what has that name been built on but the soldier's choice of honor or life?"

The quotation is from an address on another Harvard commemorative occasion by Oliver Wendell Holmes Jr., who was to be associate justice of the Supreme Court and "Great Dissenter" over four decades.

On The U.S. Farm Front

By Gaylord P. Godwin

WASHINGTON UPI—The United States and the Soviet Union have been in an agricultural production race for many years, a sort of farm economic battle between the principal representatives of the Western free world and the leading Communist country.

The Agriculture Department has worked out a statistical comparison showing what it takes these two agricultural giants to produce what they do. The comparison, based on farm output in 1963, shows agriculture's role in the two economies.

The department's Economic Research Service began the comparison with people—almost 190 million in the United States against almost 225 million in the Soviet Union. The average annual employment in the United States was 68.8 million compared to 102 million in the U.S.S.R. Of these, 4.9 million, or 7.1 per cent of the work force in the United States worked on farms, while 37 million, or 36.3 per cent, worked on Soviet farms.

In 1963, there were about 3.5 million farms in the United States and less than 48,000 in the Soviet Union. The Soviets had 540 million sown acres compared to 300 million in the United States.

U. S. plant fertilizer used av-

eraged 62 pounds to the acre, compared to 15 pounds in the Soviet Union.
U. S. mechanical aids included 4,657,000 tractors, 2,915,000 trucks, and 1,010,000 combines. In the Soviet Union, there were 1,442,000 tractors, 922,000 trucks and 517,000 combines.
All this shows that the Soviets have much more acreage under cultivation and a far larger percentage of the population working in agriculture. On the other hand, the United States makes much greater use of modern technology such as fertilizer and farm machinery.

Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

Skin Diving And Swimming

UNDERWATER swimming and scuba diving has attracted people of all ages by its fascination as a sport and as amateur exploring. It is an excellent form of exercise, exhilarating and fun, when free from danger.

Swimming under water, breathing through masks, is an abnormal way of life and needs careful preparations for complete safety. The temptation to start under water swimming with adequate training is dangerous.

Use Good Equipment
Before anyone decides to take the plunge into the dark deep, all equipment must be in excellent condition and well-made by responsible manufacturers. There can be no compromise with the best.

A clean bill of health should be the official pass for scuba diving. Anyone with high blood pressure, diabetes, heart problems, emphysema or chronic ear conditions must simply settle for a more earthly sport. The risk is not worth the momentary pleasure of diving.

Never Dive Alone
Even those who are physically able to withstand the added stresses of underwater motion should never travel alone. A companion supplies the added security that enhances the fun.

A short course in manipulating the equipment, followed by a slow break-in period of planned exercise is the best life-guard. Select a responsible, experienced teacher.

Don't compete against your-
(© 1965, King Features Syndicate, Inc.)

self by going "below your depth and over your head" . . . in deep water.

Skin diving is too much fun to be ruined by those who don't learn the safe underwater ground rules.

Good Swimmers Victims
Each year powerful swimmers are dragged out of the ocean and lakes, barely surviving death by drowning. And when they gratefully recover their breath and their lives they invariably say, "How did it happen to me. I'm such a good swimmer."

Well, good swimmers go out of their depth, believing they are invincible. Abdominal cramps, leg spasms, momentary blackouts do happen to good swimmers.

These momentary blackouts are known to occur if a swimmer tries to hold his breath too long under water. A flash loss of consciousness can perhaps explain the drownings of great swimmers.

Some Safety Tips
Take heed, all swimmers:
Don't swim shortly after eating.
Don't swim to the point of exhaustion.
Don't horseplay in the water.
Don't swim alone.
Don't swim in isolated areas.
Lifeguards and life lines may be your life saver. Don't try to avoid them.
The choice is simple, be a swimmer, not a statistic.

These columns are designed to relieve your fears about health through a better understanding of your mind and body. All the hopeful new advances in medicine reported here are known to doctors everywhere. Your individual medical problems should be handled by your own doctor. He knows you best.

Citrus Spectaculars

Real Cool Recipes
For Great Desserts

By JOAN O'SULLIVAN

If you favor the flavor of citrus fruits, you'll find today's recipes not only delicious to the taste but delightful to the eye because they look spectacular when served.

Not surprisingly, the recipes come from Florida, where the citrus crop inspires homemakers to dream up new ways to use sweet golden oranges and tangy grapefruit sections. Since the local Florida climate is hot, cool treats, such as these, are very popular.

FROZEN GRAPEFRUIT SALAD

1 (8 oz.) pk. cream cheese
1 c. commercial sour cream
1/4 tsp. salt
1/2 c. sugar
1 c. canned grapefruit sections, drained
1 avocado, diced
1 c. seedless white grapes, halved
1/2 c. pecan pieces

Soften cream cheese; blend in sour cream. Add salt and sugar; stir until well blended. Add grapefruit sections, avocado, grapes and pecans. Pour into 9x5-in. loaf pan; freeze until firm.

Slice and serve on salad green with French dressing or omit dressing and serve for dessert salad. Serves 6 to 8.

GRAPEFRUIT SNOW

1 envelope unflavored

gelatin
1/2 c. cold water
1/2 c. sugar
1/4 tsp. salt
1 (6 oz.) can frozen grapefruit juice concentrate, thawed, undiluted
1 tsp. aromatic bitters
2 unbeaten egg whites
Sprinkle gelatin on cold water in top of double boiler to soften. Place over boiling water; stir until dissolved. Remove from heat; add sugar and salt; stir until dissolved. Add undiluted juice concentrate and aromatic bitters; stir until melted. Chill until consistency of unbeaten egg white.

Add egg whites. Beat with electric or rotary beater until mixture begins to hold shape. Turn into 6-c. mold or individual molds; chill until firm, then unmold. Recipe serves 6.

Note: To make Orange Snow, substitute 1 (6 oz.) can orange juice concentrate for grapefruit concentrate and 1/4 tsp. almond flavoring for aromatic bitters.

ORANGE CREAM BAVARIAN

1 envelope unflavored gelatin
1/2 c. sugar, divided
1/4 tsp. salt
3 eggs, separated
1/2 c. water
1 (6 oz.) can frozen orange juice concentrate,

thawed, undiluted
1/2 tsp. cream of tartar
1/2 c. icy cold evaporated milk, whipped
Raspberry Sauce

In saucepan, mix together gelatin, 1/4 c. sugar and salt.

Beat together egg yolks and water; add to gelatin. Place over low heat, stirring constantly, until gelatin dissolves, about 5 min.

Remove from heat; stir in undiluted orange concentrate. Chill until mixture mounds slightly when dropped from spoon.

Beat egg whites until foamy; add cream of tartar and beat until stiff but not dry.

Gradually add remaining 1/4 c. sugar and beat until very stiff.

Fold in gelatin-orange concentrate mixture.

Fold in whipped evaporated milk.

Turn into 9x5x3-in. loaf pan. Chill until firm. Unmold. Serve Orange Cream Bavarian with Raspberry Sauce. Serves 8.

RASPBERRY SAUCE

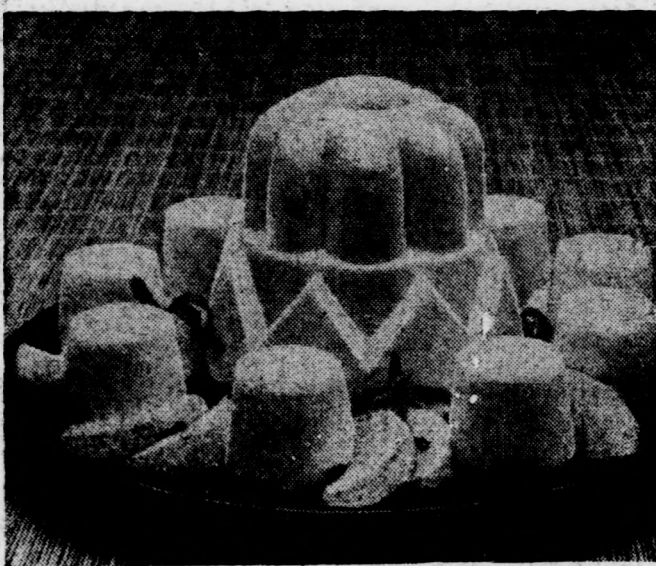

1 pt. raspberries
2 tbsp. sugar
Wash berries; crush half with fork; sprinkle with sugar. Add whole berries; mix well. Let stand 30 min. Serve.

YOU'LL REALLY RATE aces high when you serve luncheon guests this luscious Florida grapefruit salad. Cream cheese and sour cream make it a dish that could double as dessert.

LIGHT AND FLUFFY Orange Cream Bavarian is made with frozen orange juice concentrate. It's topped off with a sauce easily made by mixing fresh raspberries and sugar.

A MOLD OF Grapefruit Snow is center of interest on a dessert tray. Smaller molds of Orange Snow circle it.

Month Could Prove Real Cool

INDIANAPOLIS UPI — This could be the coolest July in Indiana in 10 years.

Temperatures at Indianapolis through Tuesday averaged 72.2 degrees for the month, about 3.5 degrees below normal. Only once since 1955 has the average been lower than that for the entire month. That was in 1960 when the average was 71.6.

With two of the three summer months nearly gone, high temperatures have been quite moderate. Only three readings of 90 degrees or warmer have been recorded and two of those were on consecutive days in May, the last of the spring months.

The top at Indianapolis thus far this year was 93 degrees May 25. The only reading of 90 or better since then was 91 on June 22.

Actually, the mercury has reached above 85 degrees only 10 times this season, on four consecutive days in May, on five days in June, and on only one day in July.

There has been unusually little variation in temperature averages since May 1. May's average temperature of 68.3 degrees was about six degrees

above normal. June's 71.7 was normal, and July's 72.2 is below normal.

In the last 80 days, the high has been in the 80s on 55 days, in the 90s on 3 days, in the 70s on 20 days and in the 60s on 2 days.

The warmest July average was 82 in 1963 and the coolest 70.6 in 1947.

Purdue Issues Report on Crops

FAYETTE UPI — Progress of the wheat harvest in Indiana moved past normal last week as showers held off for several days and enabled farmers to catch up.

The harvest progressed "at an extremely fast pace," Robert E. Straszheim, agricultural statistician at Purdue, said in his weekly crop report.

"Combining of wheat is now 75 per cent complete, which compared with 70 per cent for the five-year average. Progress now rates the same as a year earlier. In the previous week, wheat harvest was well behind both last year and average."

Straszheim reported the oat harvest began moving "somewhat more rapidly" but progress was still behind average. The oat harvest was about 20

per cent complete, same as a year earlier but compared with 30 per cent average.

About 40 per cent of the corn has tasseled compared with 25 per cent average and 30 per cent a year ago and 20 per cent this time in 1963.

Soybean development did not match the rapid progress made by corn. Only 10 per cent of the soybeans have set pods, compared to 15 per cent a year earlier and usual. About 35 per cent of the crop has bloomed.

The second cutting of alfalfa hay is 45 per cent complete, about average but below the 60 per cent a year ago.

War On Poverty Target of GOP

WASHINGTON UPI—House Republicans today readied an arsenal of proposals aimed at clipping the wings of President Johnson's war on poverty.

There were doubts Democrats would be able to hold the line against all of them.

GOP representatives planned to push a series of crippling amendments to legislation that would continue the anti-poverty campaign for its second year and authorize it to double its spending to a total of \$1.9 billion.

The measure went into its

second day of floor debate with passage expected Thursday. It was considered possible the Republicans could squeeze through some of their proposed changes by that time.

Among the amendments were proposals to restore to governors the power to veto anti-poverty projects in their states; cut the spending authorization; and curtail the independence of the office of economic opportunity, which administers the program.

Merger Hearing Is Held Today

INDIANAPOLIS UPI—State officials opened a hearing here today on a proposed merger of Midwest United Life Insurance Co., Fort Wayne, and Great Northern Life Insurance Co., Indianapolis.

The merger was held up by state officials pending a determination whether there was any connection between the merger and alleged irregularities in the dealings of the late Michael Dobish, an Indianapolis securities dealer killed earlier this month in a helicopter crash.

Secretary of State John Bottorff revoked the license of the Dobish Securities Corp. last week when the firm filed bankruptcy proceedings.

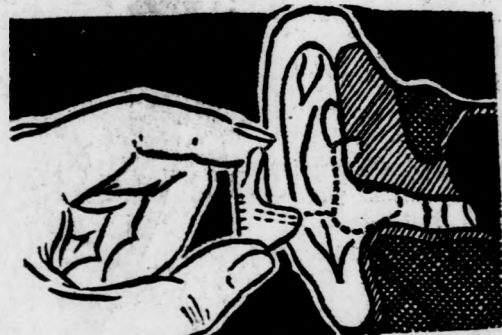

Bottorff, Indiana Atty. Gen. John Dillon and possibly Indiana Insurance Commissioner Joseph E. Wood were scheduled to conduct today's hearing. All three must approve the

merger.

Since Dobish died, his firm has been the object of more than 100 complaints from investors who charged that about \$500,000 in stock certificates had not been delivered by the firm. Much of the stock involved was that of Midwest United Life Insurance Co.

Declarer sees the dummy and therefore knows what he has to work with. Since a defender does not see his partner's hand, he must sometimes make a risky play in the hope that his partner holds a key card. Willingness to take risks of this kind helped settle the Canadian National Championship last April, in a hand defended by Mrs. Jackie Begin, of Montreal.

Opening lead — ♣ 2

West opened the deuce of clubs, and declarer won the trick in dummy and ruffed a club to lead a heart. Dummy's king lost to the ace.

Mrs. Begin returned her singleton trump from the East hand, and West took the ace of trumps and led another trump. This left only one trump in dummy, but one heart would be enough for declarer.

South won the second round of trumps in dummy with the jack and returned the seven of hearts from dummy. This forced East to make a vital decision.

East could not see her partner's hand and therefore did not know who had the jack of hearts. If East played her low heart and South produced the jack, South would win the trick and then ruff a heart. Declarer would get eleven tricks instead of only ten — an important consideration in tournament play.

BEST CHANCE

Nevertheless, Mrs. Begin played the low heart instead of the queen. The defenders could hardly expect to get a fine score just for holding South to ten tricks. Their best chance was to defeat the contract.

Mrs. Begin's risky play paid a big dividend. West was able to win the second heart trick with the jack, and West could then take the last trump out of the dummy. Eventually East got the setting trick with the queen of hearts.

If East had played the queen of hearts she could not have returned a trump. Declarer would ruff a heart in dummy, and this would assure the contract.

DAILY QUESTION

Partner opens with one heart, and the next player passes. You hold: spades K Q 8 4 3 2 hearts 10 9 8 4 2 diamond J club 6. What do you say?

ANSWER: Bid four hearts.

The Daily Banner, Greencastle, Indiana
Wednesday, July 21, 1965

There is no need to find a fit in spades when you already know about a magnificent heart fit. There is a need to stop the opponents from finding a fit in diamonds or clubs — where they may have a game or a fine sacrifice.

EXCESS PORK DONATED
ELKHART UPI — National CROP headquarters announced today that 3½ million pounds of pork which was about to be wasted because of a surplus beyond storing capacity in Denmark will be sent to malnourished people in developing countries of the world.
CROP, the community appeal of Church World Service, said the first 4 to 6 million pounds will be shipped to Congo, Bur-

undi, Haiti, and Hong Kong for distribution to "refugees and people in institutions."
The Danish pork industry was faced with a big surplus far in excess of capacity for frozen storage, CROP said. When this became known publicly, "people were aroused and asked the industry to use the meat for overseas relief," CROP said.
Through the Danish Inter-church Aid Committee, Danish church members, both Protestant and Catholic, donated \$70,000 last week and expected to raise another \$70,000 last week-end for use in processing the frozen pork into canned or salt pork for shipment.

4-H CLUB

The sixth meeting of the Willing Workers was held at the vocational building July 7 at 9 o'clock.

The meeting was called to order by president Linda New.

The pledge to the American Flag was led by Susan Morphey and the 4-H pledge was led by Diane Buis.

Minutes were read and ap-

proved. Roll call was answered by your favorite movie. The treasurer's report was given which was a total of \$22.81. Songs were led by Phyllis Scroggins and Carolyn Torr.

Recreation was led by Marcia Cooksey and Diane Buis. A completion trip was discussed. Health and Safety was given. The meeting was then adjourned.

The next meeting will be July 14 at 9 o'clock in the vocational building.

The 8th meeting of the Haymaker's 4-H Club was held June 28, at the home of Steve Jones. Despite a bad storm, there was good attendance. The meeting

was called to order with Doris Hartman leading the pledge to the American Flag, followed by Diana Watts leading the 4-H pledge. The secretary and treasurer report was read and approved. Roll call was answered by 15 members, with two guests present. It was reported that our quota of money for the 4-H Center at Lafayette is filled. Charles Samsel, who is working at Hulman Beach, gave a safety report on Rules of Swimming and Lifesaving. Songs were led by song leader Linda Fisher. The club then broke into groups led by the Junior Leaders. Our Junior Leaders this year are — Mike Samsel, Steve Jones, Linda Fisher, David Jenkins, and

Charles Samsel. Games were led by Mike Samsel, and the meeting was adjourned. Refreshments were served, and our next meeting will be the workshop July 12.

The Haymakers workshop was held July 12, 7:30 P.M. at the State Farm Shoot Building. The meeting was called to order by president David Jenkins. The pledge to the American Flag was led by Diana Watts, and the 4-H pledge was led by Robert Blue. The secretary and treasurer report was given by Steve Jones, and roll call was answered by 14 members. Recreation was led by Mike Samsel. This was the

workshop meeting, and any member with problems was helped by the leader, Mr. Samsel, or the Junior Leaders. The meeting was adjourned, with the final meeting being the completion tour, to be held the afternoon of July 26. All members are to meet at the Putnamville School House at 1:00.

The Greencastle Clovers 4-H Club met at the Junior High School at 9:30 a.m. on July 15. The meeting was called to order by the president, Kathy Cooper. The treasurer, Janet Long, took dues. Cathy Chase led the group in songs. Linda Davis led the pledge to the flag and Cathy Chase led the 4-H

pledge. The group talked about exhibits for the fair, and about their trip to Lafayette Park on August 10. Teresa Sutherland gave a demonstration on how to make a butter cake. All projects are to be taken to the Junior High School on July 24, at 9:00 a.m. to be judged.

The Jolly Junior 4-H Club held its ninth meeting at the Reelsville gymnasium July 13 at 7:30 p.m.

This meeting was very special because it was Mother's Night to which all Jolly Junior members mothers were invited.

The president, Brenda Sutherland, called the meeting to or-

der. Nadine Eubank led the group in the American Flag pledge while Sandra Clark led in the 4-H pledge. The roll was taken by giving the reason why a 4-H Club was joined. Due to Wanda Morlan being unable to come, Peggy Montgomery read the minutes which were approved as read. Laura Killian was elected new song leader due to Vicki Lindsay moving away. Diana Woodall was elected treasurer due to Sally Goddard moving away.

Sheila Sutherland led the group in singing. Mrs. Robert

Hosapple gave a demonstration on cake decorating which was enjoyed by all. Special entertainment was put on by the Junior Leaders which was followed by refreshments.

A door prize was given away to a mother and a 4-H member. A cake each was won by Mrs. Danny Hutcheson and June Wagie. The cakes were decorated by Mrs. Hosapple.

The next meeting is to be held July 20 at 7:00 p.m. at the school. All members are asked to be sure and bring their record books which are to be turned in.

Greencastle B-Ballers Down Bainbridge Team

Greencastle Junior High basketball teams swept two games from Bainbridge last night. In the first game, Ken Losin led Greencastle to a 40-31 victory with 14 points. Balanced scoring and fine rebounding by Harlan, Murphy and Nevins featured the Greencastle attack. Richards of Bainbridge played an outstanding game, scoring 17 points and led the Pointer attack.

The second game went to Greencastle by a score of 59-33. Balanced scoring highlighted the Greencastle attack as Blue and Harmless, with 12 points, York with 10 points and Clary with 9 points led the team. Greencastle jumped to a quick 14 point lead and never were headed in the ball game. Elliott played a fine floor game and Hecko rebounded well in helping the local squad to their victory.

Sandy Koufax Is Good Hitter When Needed

By LEONARD A. GRANATO

Sandy Koufax isn't such a good hitter that Walt Alston is likely to use him as a pinch-hitter, but he's not such a bad hitter that the Los Angeles Dodger skipper lifts him in the bottom of the ninth inning with two out and two men on base.

Koufax came to the plate against the Houston Astros Tuesday night with the score 2-2 and runners on first and second with two out. He dumped a single into left field to score Jim Lefebvre with the winning run in the 3-2 victory.

It was Sandy's 17th victory of the season. The southpaw has won 11 successive games. He gave up but three hits, walked only two and struck out 10 men for the 12th time this season.

Increase Lead

The Dodgers increased their National League lead to 3½ games over the Cincinnati Reds, who were beaten 8-6 by the Pittsburgh Pirates. In other NL action, St. Louis defeated Philadelphia 4-3, Milwaukee downed the Mets 7-1 and San Francisco edged Chicago 2-0.

In the American League the New York Yankees downed the Boston Red Sox 6-3, the Los Angeles Angels shellacked the Minnesota Twins 9-1, the Baltimore Orioles overpowered the Cleveland Indians 6-1 and the Detroit Tigers edged the Washington Senators 2-0. Chicago and Kansas City were idle.

Hits First Grand Slam Homerun

Bob Bailey had three hits including his first big-league grand slam home run, and five runs batted in to pace the Pirates' onslaught against Cincinnati. Bob Veale picked up his 10th victory after surviving a three-run first inning in which he walked the first four batters. Sammy Ellis was the loser.

McCarver Homers
Tim McCarver's ninth home run of the season in the sixth inning pushed the Cardinals past the Phillies. It was his third homer off loser Jim Bunning this season and his sixth against the Phils. Bunning also gave up circuit clouts to Tito Francona and Lou Brock.

The Milwaukee Braves scored all their runs in a wild seventh inning to extend the Mets' losing streak to 10, matching their longest losing skien of the season. Hank Aaron's 19th homer of the season accounted for three Brave runs.

Bob Shaw two-hit the Cubs for his ninth victory while Willie McCovey hit his 20th home run of the season.

HOLD MEETING

DETROIT UPI — The major league baseball executives meeting in Dearborn today may become the scene of a last-ditch effort by Milwaukee Braves owner William C. Bartholomew to get his team out of Milwaukee before the 1965 season is over.

It was reported Tuesday that Bartholomew is ready to propose expansion of the National League, to guarantee a team in Milwaukee within the next year, thus gaining Milwaukee County's okay on an immediate move to Atlanta.

PUBLIX CHAMP—Norwegian-born Arne Dokka of Studio City, Calif., makes with the victory sign in Pittsburgh, Pa., on his victory in the public links golf championship. He set a new record in defeating Leo Zampeiro, Warren, O., fireman, 10 and 9 in 27 holes.

WITH THE GIANTS in contention for the National League flag, Herman Franks (right) signs a contract to continue managing through the 1966 season. Giants president Horace Stoneham (left) said he is pleased with Franks and the "new contract permits Herman to operate in a longer-range perspective and I feel this will be beneficial to the team."

Davis Cup Meet Is In Progress

HAVERFORD, Pa. UPI — Australian Davis Cup aces Roy Emerson and Fred Stolle and the top-seeded players of the United States engaged in third-round action of the 66th annual Pennsylvania lawn tennis championships today after safely passing their early tests.

Stolle, holder of the French championship, and Emerson, the Wimbledon, Australian and U. S. champion, arrived late from London Tuesday to score double victories and catch up with the field.

Gene Scott, St. James, N. Y., seeded third behind the Australians, scored a 6-2, 8-6 decision over Cregg Grant, Phoenix, Ariz., and Charles Pasarell, Puerto Rico, fourth seeded, defeated James Subirats of Mexico, 6-4, 6-2.

Wins In Open Golf Division

MONTICELLO, Ind. UPI — Arnold Koehler, Connerville, won the professional division of the Monticello Open golf tournament margin over his closest pursuers.

The amateur division of the tourney continued today with the final 260 golfers playing their 18-hole rounds. Today's field included Jim Jewell, South Bend, low amateur in the tourney last year.

Koehler shot a 3-under-par 69 Tuesday for a 36-hole total of 138 to pick up the top money of \$800. Four strokes back of him at 142 were Mike Haywood of Madison and Gary Robertson of Elkhart who picked up \$250 each.

Haywood, the first round leader with a 68 Monday, had a 74 Tuesday while Robertson added a 70 to his first round 72.

Tied at 145 were Ivan Gantz, Elwood; Dick Romaine, Gary; Jim Shaw, South Bend, and Alan White, Winchester. They split \$375 between them.

Brent Hartman, West Lafayette.

Two Indiana Golfers Are Upset Winners

WAYZATA, Minn. UPI — Two Indiana golfers, both first round upset winners, were still in action today in the second match play round of the Women's Western Amateur tourney.

Two other Hoosiers were eliminated in Tuesday's first round action.

Julie Hull Armington, Anderson, Ind., sank a 20-foot birdie putt on the 19th hole Tuesday to down British Amateur champ Carol Sorenson, Janesville, Wis., 1-up. Miss Sorenson was 3-up after 12 holes but Mrs. Armington took three of the next six holes to even the match and set up her victory on the first extra hole.

Mrs. Paul Dye, Carmel, Ind., dropped a 20-footer for a birdie on the 18th hole to down Jean Ashley, Colorado Springs, 1-up. Miss Ashley was among the pre-tourney favorites.

Judy Rand, Aurora, Ohio, beat Mrs. Jason Weiss, Indianapolis, 1-up in 19 holes while Judy Bell, Colorado Springs, downed Mrs. Nancy Syms, Elkhart, Ind., 1-up.

CLASSIC PROFILES—These classic profiles at the "Miss Universe" competition in Miami Beach, Fla., belong to Aspa Theologitou (left), "Miss Greece," and Corrina Tsopel, the reigning "Miss Universe" who was "Miss Greece" last year.

Who Said Pitchers Can't Hit?

Stottlemeyer's Bat Booming

By LEONARD A. GRANATO

By United Press International
Mel Stottlemeyer, whose pitching has put the New York Yankees into the World Series last season, has earned himself a niche in the Bronx Bomber archives with his bat.

The tall sinker-ball artist hit an inside-the-park grand slam home run Tuesday to beat the Boston Red Sox 6-3 and earn his 10th victory of the season. Spud Chandler and Don Larsen are the only other Yankee pitchers in history to hit grand slammers — and theirs were done the easy way, by hitting the ball out of the park.

Stottlemeyer came to the plate against Bill Monbouquette in the fifth inning after two walks and a single had loaded the bases. He hit the first pitch on a line between Carl Yastrzemski and Jim Gosger. The ball rolled into left centerfield, 457 feet

from the plate. As Stottlemeyer rounded second base, third base coach Frank Crosetti was halfway down the line waving him on. The pitcher slid into the plate but Sox catcher Bob Tillman had no play on him as the relayed throw skipped past him.

Angels Romp

In other American League contests, Los Angeles bombed league-leading Minnesota 9-1, Spud Chandler and Don Larsen land 6-1 and Willie Horton's two-run homer carried Detroit past Washington 2-0. Kansas City and Chicago were not scheduled.

In the National League, St. Louis edged Philadelphia 4-3, Pittsburgh outslugged Cincinnati 8-6, Milwaukee extended the New York losing streak to 10 games 7-1, San Francisco edged Chicago 2-0 and Los Angeles tripped Houston 3-2.

The Angels climbed all over the Minnesota pitching staff, getting 15 hits in their assault of the league leaders. Marcelino Lopez, the Angel hurler, held the mighty bats of the Twins to only four hits.

McNally Wins Fifth

Russ Snyder and Boog Powell hit two-run home runs in the Baltimore conquest of Cleveland. Dave McNally won his fifth game in nine decisions, losing his shutout bid on a ninth-inning home run by Chuck Hinton.

Horton had been hitless for the last three games before tee ing off on Washington pitcher Howie Koplitz. His 21st home run tied him with Rocky Colavito for the league lead.

The victory went to Dave Wickersham, his first since April 15 and his second of the season against eight losses.

Members of the Cloverdale Boy Scout Troop attended Camp Krientein, the summer camp of the Wabash Valley Council, Boy Scouts of America, from July 11 to July 17. Indians Are At Home

INDIANAPOLIS UPI — The Indianapolis Indians launched a 7-game home stand Tuesday night with a 2-0 victory over San Diego to move into a virtual third-place deadlock with the Padres in the Pacific Coast League's eastern division.

Both trail pace-setter Oklahoma City by 15 games and San Diego goes into tonight's game a scant percentage point ahead of the Indians.

Bill Fischer's 3-hitter and Bill Elia's 22nd home run of the season before more than 11,000 fans, the largest of the season, carried the Tribe to its third consecutive victory and clipped San Diego's 6-game winning streak.

What They Wore... by PHYLLIS JOYCE

A FAVORITE FASHION OF EVERY ERA HAS BEEN THE BALL GOWN. IRONICALLY THIS TYPE OF DRESS HARDLY APPEARED DURING THE EXTRAVAGANT REIGN OF LOUIS XV. AT THAT TIME, MASQUERADE BALLS WERE IN VOGUE BECAUSE OF THE INTRIGUE AND FLIRTATIONS OF MASKED GUESTS. THE FAVORITE DISGUISE WAS THAT OF A SHEPHERDESS.

PREPARING FOR A BALL WAS AN ALL DAY PROCESS IN FRANCE DURING THE LATE 18TH CENTURY. LACING A CORSET WAS BEGUN IMMEDIATELY AFTER BREAKFAST AND CONTINUED BEING PULLED A LITTLE TIGHTER EACH TIME AT INTERVALS UNTIL DANCE TIME.

IN THIS COUNTRY THE FAVORITE EVENING DANCE DRESS OF THE 1930'S WAS THE LETTIE LYNTON DRESS INTRODUCED BY JOAN CRAWFORD IN 1933. IT INFLUENCED THE REVIVAL OF THE HIGH NECKED EVENING DRESS.

TODAY... WHEN BUYING WOMEN'S OR CHILDREN'S APPAREL LOOK FOR THIS LABEL-THE SYMBOL OF DECENCY, FAIR LABOR STANDARDS AND THE AMERICAN WAY OF LIFE.

Mary Truax Hostess
For Club Meeting
Our Community Club of Mt.
Meridian held their annual pic-
nic at the home of Mary Truax

Wednesday.
A bountiful lunch was served
on the spacious patio at noon.
The president, Cordia Keyt,
conducted the meeting. Four-
teen members and two guests,
Nancy Cox and Bobby Skelton,
were in attendance.
Our president gave the lesson
"You know how it is, Lord."
Mae Truax read a poem "I'm
Fine."
The monthly auction was fur-
nished by Amy Buis. A variety
of garden vegetables were sold.
Secret Sister gifts were given
to Jean Mann, May Truax, Gen-
eieve Anderson and Marie
Hunt. Birthday dues were paid
by names above and also Anna
Wallace and Rachel Buis.
Door prize was won by Marie
Hunt. The meeting adjourned to
meet in August with Jean
Mann.

Community Service Club
Holds July Meeting
The Community Service Club
held their July meeting at the
home of Mrs. Opal Osborn. The
meeting was called to order by
vice-president Louise Lents with
flag salute and club creed. The
song of the month, "The Stars
and Stripes Forever" was led by
Thursa Evens. Happy birthday

was sung to Opal Osborn and
Louise Lents. The roll call —
Food I Can Have Prepared for
Unexpected Guests — was an-
swered by nineteen members.
Mrs. Katharine Benner, Mary
Nell Hasman, Mrs. Rose South,
Mrs. Betty McFarland, Opal
Ward, Becky McFarland and
Donna South were our guests.
Becky McFarland and Donna
South gave their 4-H demon-
strations. The secretary's report
was given. Mr. Cecil Kays gave
a demonstration on the ten most
important things a woman
should know about the family
car. The garden lesson on shrub-
bery and their many kinds, and
evergreens was given by Thursa
Evens. The outlook is that car-
pet will be coming out in colors
to blend with the type of soil
and carpet for patio and walks
which never need vacuuming
and resist rain and sun. The
social hour was spent with a
white elephant sale. Delicious
refreshments were served by
Hostess Opal Osborn and Co-
Hostess Eline Kays. The August
meeting will be a family picnic
at the home of Mrs. Frank
Smith.

SAM SHEPPARD and second wife Ariane show their concern
as they talk to reporters at their Rocky River, O., home
about the court's refusal to reconsider the decision that he
must return to prison and his life sentence in the murder
of his first wife Marilyn.

Hits Businessmen

WASHINGTON UPI — Sen.
Stephen M. Young, D-Ohio,
thinks Congress ought to consid-

er legislation to force business-
men to pass on to the public re-
cently enacted excise tax cuts.
Young said in a Senate speech
Tuesday he was disturbed at
some cases in which business-
men had raised their own prices
so that the consumer price of
goods and services was the
same.

Educators To Hear Humphrey

WASHINGTON UPI — Edu-
cators, taking everyone from
Congress to themselves to task
for slowing the pace of integra-
tion in American schools, today
wind up a White House confer-

ence on their problems.
Following a final series of
panel discussions, the 650 dele-
gates were scheduled to hear a
lunch address from Vice Pres-
ident Hubert H. Humphrey be-
fore their leaders report the
results of the two-day confer-
ence to President Johnson.

Johnson was to speak to the
delegates at a White House re-
ception at the close of the day.
No specific legislative recom-
mendations are expected to
stem from the meeting, the
first education session of its
kind sponsored by the White
House in 10 years. But the
panel discussions are expected
to provide plenty of material
for Johnson and his advisers to

use in future education plan-
ning.

ELECTRIFYING FACTS

8 HOURS OF SLEEP COSTS 20c

When the mercury soars day after day, sound sleep—and enough of it—becomes increasingly important if we are to do our jobs properly. Twenty cents isn't much to pay for the restful comfort you need. And that's all today's window air conditioner costs for a full night's cooling operation.

Electric current a shocking discovery of 1771!

Luigi Galvani, an Italian physiologist, discovered that the legs severed from a newly killed frog contract when touched at different points by two pieces of dissimilar metals that also touch one another. From this experiment date all uses of "current" electricity—the kind that provides all the electric light and power we use today.
